A Day in the Life of LUCKY...

Hark!

**Dawn
breaks...**

1. Hark! Dawn breaks... Lucky's call to fun and adventure. Time to wake the rest of the household.

2. Mommy does her morning power-walk with Lucky matching her, paw for foot. While she pauses to check her heart-rate, Lucky thinks, "hmm... optimal pooper-scooper moment."

3. Along the walk, they both stop to survey the sublime landscape. Lucky sticks his snout up in the air and smells the simple gift of nature.

4. What is that? Lucky spins around in hopes of catching that most peculiar of objects — his tail. Round and round he goes until he gets too dizzy to continue.

His balance restored, the question once again arises... What is that? The chase continues.

5. Exhausted from all the activity, Lucky eats his breakfast and lies down in the backyard. Head resting on his two front paws, he toasts himself in the warmth of the morning sun.

6. Lucky hears the gate to the backyard creak open. Best sound in the whole world — Daddy has come to take him to the park! Tail wags, drool drips, heart pounds.

7. Once in the park, it's a ball-fetching fest. All of a sudden... bow wow... a foxy poodle! They frolic and sniff each other's behinds while howling love songs to one another. Doggonit — Lucky forgot he was fixed!

8. All this excitement leaves our hero weary. Lucky convinces Daddy to recline under the shade of a looming eucalyptus.

9. Lucky jumps into the car for the ride back home. He loves to stick his head out the window and feel his cheeks flap in the wind. Back home at last.

10. He is king of his backyard. Lucky struts around the edge, barking at anyone who gets too close to his kingdom.

11. It is getting dark outside. Lucky closes his eyes and begins to dream. Ears twitch, paws quiver, and he begins to whisper the stories unfolding in his mind.

12. Beef! Lucky gets left-over filet from Mommy's and Daddy's dinner. There are few things in life that give him this much pleasure.

13. Tummy full, Lucky follows Mommy and Daddy into the bedroom for one last pet goodnight. He assumes his special spot at the foot of the bed, where memories of the day's fun and adventure lull him to sleep.
